
1 Q. **Project C-26: Gas Turbine Life Extension, Hardwoods Gas Turbine**

2 Has Hydro considered alternatives to the work proposed, taking into consideration
3 the use of the Hardwoods Gas Turbine in the Post-Isolated System?

4

5

6 A. Hydro has not considered alternatives to the work proposed, as this work is focused
7 on the replacement of obsolete equipment and the reduction of operational risk.

8 The completion of this work will help to ensure the safe, reliable operation of the

9 Hardwoods Gas Turbine for the remainder of its service life.
