

1 Q. In relation to CA-NLH-157, please provide the preliminary projections of power
2 requirements by the new owners of the Wabush Mines' facilities.

3

4

5 A. The new owners of the Wabush Mines facilities indicate the anticipated power
6 requirements for operations will be 30 MW for June of 2018, 45 MW for December
7 of 2018, and full in-service during 2019 at 48 MW.
