

1 Q. (Expert Evidence – JT Browne Consulting, page 14) It is stated “*Prior to full*  
2 *commissioning, the MPF will provide net benefits to Hydro and its customers.*”  
3 However, is not the unregulated Nalcor subsidiary LIL Opco a major beneficiary? As  
4 the OPDA is proposed, wouldn’t the Nalcor entity receive \$27.3 million in 2018,  
5 \$52.9 million in 2019 and \$35.7 million in 2020, all prior to Muskrat Falls Project  
6 commissioning, with all costs passed on by Hydro to ratepayers during that time  
7 period?
