

1 Q. **Depreciation**

2 Please comment as to whether there are any anticipated effects on the magnitude  
3 of payments to be made by NLH to Muskrat Falls Corporation, and to be eventually  
4 recovered from NLH's customers, in the event the proposed depreciation  
5 approaches proposed for NLH are similarly applied to or adopted by other Nalcor  
6 companies (as compared to the existing depreciation approaches). If so, please  
7 provide a description and, if available, a quantification of the impact.

8

9

10 A. Hydro has been advised that the depreciation approach proposed by Hydro is not  
11 being contemplated by any of the other Nalcor companies.
