

1 Q. In the response to IC-NLH-103 in this GRA, Hydro noted that “to ensure the
2 accuracy of the Specifically Assigned Charges for 2018 and 2019, Hydro is currently
3 undertaking a full review of these asset listings and will provide an update on its
4 findings in advance of the 2017 GRA hearing.” When does Hydro anticipate
5 completing this review and providing the update?

6
7

8 A. Hydro is currently completing a review of its asset records to ensure that the
9 functionalization of assets as either specifically assigned or common is correct.
10 Hydro anticipates it will complete this review and provide its update by the end of
11 December 2017.
