

1 Q. **Re: Section 6.2, page 6.3**

2 Citation:

3 ... depending on the timing of the completion of the Maritime Link, Hydro could
4 have access to the off-island power purchases in late 2017. Therefore, Hydro will be
5 filing an application requesting interim approval to establish the proposed Off-
6 Island Purchases Deferral Account to become effective December 1, 2017.

7

8 Will Hydro also be filing an application to fix the transmission tariffs for the use of
9 the Maritime Link, the LIL and the LTA to become effective December 1, 2017? If
10 not, why not?

13 A. Hydro will be filing an application to fix the transmission tariff for the use of the
14 Maritime Link, the Labrador-Island Link, and the Labrador Transmission Assets, to
15 become effective July 1, 2018.
