

1 Q. **Reference: John T. Browne Evidence, Page 12**

2

3 JT Browne evidence indicates that *“Where deferral accounts are used, the amounts*
4 *deferred are usually largely outside the control of the utility.”*

5

6 Can Mr. Browne identify other situations where a regulated utility operating
7 company such as Newfoundland and Labrador Hydro is provided a deferral account
8 to recover costs incurred by an unregulated parent company such as Nalcor?

9

10

11 A. This response has been provided by JT Browne Consulting.

12

13 Mr. Browne is not aware of other situations with the characteristics described in
14 the above question.
