

- 1 **Q. Please describe how management monitors corrective maintenance task**
2 **completions, and Newfoundland Power’s Key Performance Indicators for corrective**
3 **maintenance task completions.**
4
- 5 A. Please see response to Information Request PUB-NP-058 for a description of how
6 management monitors inspection and maintenance task completions, including corrective
7 maintenance task completions.
8
- 9 In assessing its performance, Newfoundland Power expects that all corrective
10 maintenance tasks are completed in accordance with Company standards and assigned
11 work priority. Response to Information Request PUB-NP-066 outlines how corrective
12 maintenance tasks are prioritized for various electrical system assets.
