

1 Q. Further to the response to PUB-Nalcor-021, please provide copies of any written
2 correspondence or documentation received by Nalcor and Newfoundland Hydro
3 from the Government of Newfoundland and Labrador on the direction described in
4 the response. If there is no written documentation, explain how the direction was
5 given.

6

7 A. Nalcor and Hydro have not received written correspondence or documentation
8 from the Government of Newfoundland and Labrador to generate various rate
9 scenarios to better understand the impact of Muskrat Falls on domestic electricity
10 rates. Direction was received verbally from the Chair of the Rate Mitigation
11 Committee to analyze various rate scenarios.
