Attention: G. Cheryl Blundon
Director of Corporate Services
and Board Secretary

Dear Ms. Blundon:

Re: Request for Standing – Reference on Rate Mitigation Options and Impacts Relating to the Muskrat Falls Project

Enclosed please find Newfoundland Power Inc.'s ("Newfoundland Power" or the "Company") Request for Standing as part of the *Reference on Rate Mitigation Options and Impacts Relating to the Muskrat Falls Project* (the "Reference").

The impact of Nalcor Energy's Muskrat Falls Project on future electricity rates remains a serious concern to Newfoundland Power's customers. The Company supports examining all options identified by the Board to mitigate the impact of the Muskrat Falls Project on customer rates. Newfoundland Power believes the collaborative and consultative process outlined in the Board's Interim Report is appropriate and will yield the best results for customers.

The Company is requesting to participate fully in the Reference to assist the Board and other parties in considering the Reference Questions. While Newfoundland Power does not currently intend to file expert reports, the Company's position on this issue may change as the Reference progresses.

Yours very truly,
