

WHENEVER. WHEREVER.
We'll be there.

HAND DELIVERED

December 21, 2018

Board of Commissioners
of Public Utilities
P.O. Box 21040
120 Torbay Road
St. John's, NL A1A 5B2

Attention: G. Cheryl Blundon
Director of Corporate Services
and Board Secretary

Ladies and Gentlemen:

Re: Newfoundland and Labrador Hydro – 2018 Capital Budget Application

Please find enclosed the original and 10 copies of Newfoundland Power's Requests for Information NP-NLH-030 to NP-NLH-032 in relation to the above noted Application.

For convenience, the Requests for Information are provided on three-hole punched paper.

A copy of this letter, together with enclosures, has been forwarded directly to the parties listed below.

If you have any questions regarding the enclosed, please contact the undersigned at your convenience.

Yours very truly,

A handwritten signature in blue ink, appearing to read "Gerard Hayes".

Gerard Hayes
Senior Counsel

NP-NLH-030 to NP-NLH-032

December 21, 2018

Requests for Information

Reference: Hydro's letter Re: Newfoundland and Labrador Hydro – 2018 Capital Budget Application – Muskrat Falls to Happy Valley Interconnection Update, Dated November 30, 2018, page 1.

“Two new 315 kV transmission lines interconnect Churchill Falls and the new Muskrat Falls Terminal Station 2 (“Muskrat Falls TS2”). The Project was proposed as the least-cost option to improve service reliability to the Labrador East section of the Labrador Interconnected System, and to provide sufficient transmission capacity to serve the installed load base.”

- NP-NLH-030 With the anticipated completion of the Muskrat Falls Project, including the 315kV Labrador Transmission Assets between Muskrat Falls and Churchill Falls, will the Island Interconnected System and the Labrador Interconnected System continue to be treated separately from a cost of service perspective? If so, please provide the supporting rationale.
- NP-NLH-031 What is the cost impact on Hydro's Labrador Rural Interconnected customers as a result of being supplied through the new 315kV Labrador Transmission Assets between Muskrat Falls and Churchill Falls?
- NP-NLH-032 Will there be any cost impact on Newfoundland Power or its customers as a result of Hydro's proposed Muskrat Falls to Happy Valley Interconnection project?

RESPECTFULLY SUBMITTED at St. John's, Newfoundland and Labrador, this 21st day of December, 2018.
