
1 Q. **CA Energy Consulting report, at page 3,** notes *“Section 5.3 updates the description of*
2 *Hydro’s investigation of its ability to track operating and maintenance expenditures on*
3 *specifically assigned transmission facilities of Island Industrial customers.”*

4
5 Please clarify whether Hydro has the ability to track actual O&M expenses only for
6 industrial customers or for all Hydro customers with specifically assigned facilities
7 (including NP).

8
9
10 A. Newfoundland and Labrador Hydro has the ability to track actual operations and
11 maintenance expenses for all Island Interconnected specifically assigned assets.
