4

5 A. Newfoundland and Labrador Hydro's ("Hydro") Transmission Planning Criteria are defined in
6 part (b) of response to PUB-NLH-090. Hydro's approach to transmission planning for the
7 Labrador Interconnected System is described in part (a) of response to PUB-NLH-090. An
8 explanation of Hydro's decision process to initiate new capital investments on the basis of
9 criteria and violations is described in parts (f) and (i) of response to PUB-NLH-090.
