Newfoundland and Labrador Board of Commissioners of Public Utilities  
120 Torbay Road  
P.O. Box 21040  
St. John's, NL A1A 5B2

**Attention: Ms. G. Cheryl Blundon, Director of Corporate Services  
and Board Secretary**

Dear Ms. Blundon:

**Re: Application by Newfoundland and Labrador Hydro for Approval of the  
Construction and Installation of 14 Level 3 Direct Current Fast Chargers and 14  
Level 2 Chargers**

The Island Industrial Customer Group have had the opportunity to review Newfoundland Power's comments and submissions on the above Application.

Newfoundland Power has submitted that the Board's order should expressly provide that there should be no cost recovery from Newfoundland Power's customers of any costs associated with the proposed facilities. The Island Industrial Customer Group respectfully submit that such express stipulation of no cost recovery should also extend to Hydro's industrial customers.

We trust this is in order.

Yours truly,

Stewart McKelvey
