

- 1 Q. In paragraph 10 of the Application, Hydro states
2 Without knowledge of the revised financial structure... [for the] Muskrat Falls
3 PPA, Hydro is unable to determine the power purchase costs associated with
4 the Muskrat Falls PPA, which is anticipated to be the largest component of its
5 revenue requirement for the 2021 Test Year.
6
7 But for Hydro's anticipation that it will incur, in 2021, power purchase costs associated with the
8 Muskrat Falls PPA, would Hydro be proposing a 2021 Test Year as part of this Application? If
9 Hydro anticipated that it would not be incurring power purchase costs associated with the
10 Muskrat Falls PPA until the fourth quarter of 2021, or 2022, would Hydro be proposing a 2021
11 Test Year?
12
13
14 A. Please refer to Newfoundland and Labrador Hydro's responses to PUB-NLH-008, PUB-NLH-009
15 and PUB-NLH-010 of this proceeding.
