

1 Q. **Reference: Project - Upgrade Waste Water Equalization System - Holyrood**

2 Will the waste water equalization system still need to process the same volume of effluent  
3 during post-steam operations? Will the two large concrete basins, as used for present  
4 operations, still be needed for post-steam operations?

5

6

7 A. Please refer to Newfoundland and Labrador Hydro's response to IC-NLH-003 of this proceeding.
