

1 Q. **Reference: Response to Request for Information NP-NLH-015 and Supply Cost Accounting**
2 **Application, Schedule 1, Appendix B.**

3 Please explain why the deferral account is specific to 2022 and excludes 2023. Could Hydro
4 envision any circumstance in which it does not file a general rate application that includes a
5 2023 test year?

8 A. The deferral account proposal is specific to 2022 as Newfoundland and Labrador Hydro
9 (“Hydro”) is planning for a 2023 Test Year in its next general rate application. Hydro does not
10 envision any circumstance in which it does not file a general rate application that includes a
11 2023 Test Year.
