

1 **Q. EV Charging Network – Exhibit 2**

2
3 **Further to PUB-NP-014, please confirm that it is Newfoundland Power’s intention**
4 **that it will not install the Level 2 chargers if the federal funding is not approved,**
5 **and as a result the supplemental 2021 capital expenditures of \$1.538 million will be**
6 **reduced by \$50,000.**

7
8 A. Newfoundland Power confirms that it does not intend to install the Level 2 chargers if
9 federal funding is not approved. As a result, the supplemental capital expenditures of
10 \$1.538 million would be reduced by \$50,000 if federal funding is not approved.

11
12 Consistent with the current *Capital Budget Application Guidelines*, Newfoundland Power
13 will advise the Board of any material changes in project scope, including whether federal
14 funding is approved.
