

1 Q. In footnote 7 on page 3 of Schedule 1 of the Application, it states: Hydro will file a separate
2 application to update the Industrial Customer CDM Cost Recovery Adjustment to become
3 effective July 1, 2022.

4 Does Hydro intend to include an Industrial Customer Project Cost Recovery Rider as part of that
5 application? If not, why not and when would Hydro envision implementing a Project Cost
6 Recovery Rider for the Industrial Customer class?

7

8

9 A. Newfoundland and Labrador Hydro (“Hydro”) does not intend to include an Industrial Customer
10 Project Cost Recovery Rider as part of the application to update the CDM¹ Cost Recovery
11 Adjustment for Island Industrial customers. Please refer to Hydro’s response to PUB-NLH-005 of
12 this proceeding, which addresses the planned approach for Island Industrial customers.

¹ Conservation and Demand Management (“CDM”).
