

- 1 **Q. In the discussion of Muskrat Falls on page 3-35 NP discusses the possibility of being**
2 **forced to incur additional costs to provide service, which would be after the fact**
3 **costs, and additional investments to improve the reliability of service, which would**
4 **be before the fact costs. Please indicate how NP would expect to recover these costs**
5 **from customers or whether it believes the Board would hold NP responsible for**
6 **these costs such that they are borne by shareholders.**
