

1 Q. **Reference: Application**

2 Please confirm that the 2023 capital budget application includes costs for the proposed
3 electrification program. If the Board does not approve the proposed electrification program,
4 how much will the 2023 capital budget and the 2023 capital spend be reduced?

5

6

7 A. The 2023 Capital Budget Application does not include costs for the proposed electrification
8 program. However, subject to the approval of a Natural Resources Canada funding application,
9 Newfoundland and Labrador Hydro anticipates filing a supplemental capital budget application
10 in 2023 for the installation of two public direct current fast chargers for electric vehicles at an
11 estimated cost of approximately \$0.3 million.
