

- 1 Q. **Reference: Application, 2023 Capital Budget Overview, Charts 2 and 4**
- 2 a) Please provide charts showing SAIDI and SAIFI owing to outages on Hydro’s distribution
- 3 system (excluding isolated systems) compared to customers served by the NP distribution
- 4 system.
- 5 b) Please provide Charts 2 and 4 based on a rolling 5-year average of SAIDI and SAIFI.
- 6 c) Do the reliability statistics for EC Region 2 include outages owing to both transmission and
- 7 distribution?

- 8
- 9
- 10 A. a) Based on publically available data, Newfoundland and Labrador Hydro (“Hydro”) is unable to
- 11 produce charts to allow a comparison of Hydro’s and Newfoundland Power Inc.’s
- 12 distribution reliability.
- 13 b) Chart 1 and Chart 2 provide the five-year rolling average of SAIDI<sup>1</sup> and SAIFI,<sup>2</sup> respectively.

**Chart 1: SAIDI Excluding Significant Events**

<sup>1</sup> System Average Interruption Duration Index (“SAIDI”).  
<sup>2</sup> System Average Interruption Frequency Index (“SAIFI”).

**Chart 2: SAIFI Excluding Significant Events**

- 1           c) Yes. The reliability statistics for Electricity Canada Region 2 include outages owing to both
- 2           transmission and distribution.
