

1 Q. **Reference: Application, para. 21**

2 Please state the rationale for Hydro's choice of the specific amount of 0.798 cents per kWh as  
3 the Project Cost Recovery Rider when it applied to the Board for its approval.

4

5

6 A. Please refer to Newfoundland and Labrador Hydro's ("Hydro") response to PUB-NLH-001 of this  
7 proceeding for Hydro's rationale for continuing the Project Cost Recovery Rider at its existing  
8 approved amount in 2023. Hydro's rationale for the amount of the Project Cost Recovery Rider  
9 being set at 0.798 cents per kWh originally is contained within Hydro's application for  
10 July 1, 2022 Utility Rate Adjustments.<sup>1</sup>
