

1 Q. **Reference: Application**

2 Please provide a table identifying the following: each Island Industrial customer and its peak
3 demand and annual energy consumption for each of the past 5 years.

4

5

6 A. Newfoundland and Labrador Hydro does not believe that the peak demand and annual energy
7 consumption of individual Island Industrial Customers is necessary for a satisfactory
8 understanding of the matters to be considered in the 2024 Capital Budget Application as
9 required by the *Board of Commissioners of Public Utilities Regulations, 1996*.¹

¹ Nfld Reg. 39/96, s 14.
