

1 **Re: 2009 Capital Projects \$200,000 - \$500,000 p. D-65 - Paradise River Diesel**
2 **Plant**

3 Q. a) When did the Paradise River Diesel Plant go into operation?
4

5 b) Has the Paradise River Diesel Plant ever contained a running water or
6 sewer system?
7

8 c) Prior to the extension of the Trans Labrador Highway from Paradise River
9 to Cartwright, how did maintenance crews access the Paradise River Plant?
10

11 d) Where did maintenance crews stay prior to the extension of the Trans
12 Labrador Highway from Paradise River to Cartwright?
13

14

15 A. a) The Paradise River Plant has been in operation since its construction in
16 1971.
17

18 b) No. The Plant has never contained a running water or sewer system.
19

20 c) Prior to the extension of the Trans Labrador Highway from Cartwright to
21 Paradise River, the maintenance crews accessed the plant by a 40 km boat
22 trip in summer and by snowmobile during winter.
23

24 d) Prior to the extension of the Trans Labrador Highway from Cartwright to
25 Paradise River, the maintenance crews would either stay in the plant
26 operator's private home in Paradise River, or would have to travel back to
27 Cartwright by boat or snowmobile.
