

1 **Re Cat Arm Hydro Generating Station Replacement of Accommodations, page**
2 **B-19:**

3 Q. Has Hydro investigated purchasing some or all of the facilities now used as
4 motel accommodation in Pollard's Point to meet its needs for accommodation
5 at Cat Arm or arranging upgrades to those facilities in consultation with the
6 owner? If not, why not?

7

8

9 A. No, Hydro has not investigated purchasing some or all of the facilities now
10 used as motel accommodation in Pollard's Point. These facilities are
11 unsuitable and, given their distance from Cat Arm, are too far away to
12 efficiently accommodate work crews who would be required to travel to and
13 from Cat Arm during a project.
