

1 **Re Cat Arm Hydro Generating Station Replacement of Accommodations, page**
2 **B-19:**

3 Q. Do the accommodations in the Cookhouse not provide sufficient space to
4 isolate male from female employees on the site?

5

6

7 A. No, the accommodations in the Cookhouse do not provide sufficient space to
8 isolate male from female employees on the site. The cookhouse has four
9 bedrooms and two bathrooms. Two bedrooms are normally occupied by
10 kitchen staff leaving two bedrooms and one bathroom available for female
11 occupancy. This is not adequate for a normal work crew size of 16 persons.
