

1 **Energy Conservation Upgrades Hydro Place, \$832,600, Page B-34**

2 Q. Please compare the annualized fuel savings requested in NP-NLH-5 with the
3 annualized cost of obtaining the savings requested in NP-NLH-6.

4

5

6 A. Please see the table below.

7

Annualized Net Savings	Net Savings cents per kWh
\$92,345	6.25

8

9

10 The annualized net savings are \$92,345 or 6.25 cents per kWh which is the
11 difference between the annualized savings calculated in NP-NLH-5 and the
12 annualized costs calculated in NP-NLH-6.
