2 **\$169,700**

3 Q. In the 2008 Capital Budget, B-177, the project included the replacement of
4 diesel unit #561 at Norman Bay. What is the status of this project?

7 A. This project is currently in the design and tender preparation stage. During
8 the week of October 27, 2008 a tender will be issued with a planned
9 equipment delivery date of June 1, 2009 to coincide with the expected start
10 of the shipping season to coastal Labrador communities.
