

1 **QUESTION:**

2 Is Mr. Bowman aware of any rate applications where a regulatory board approved rates on an
3 interim basis? Please provide a summary of the key details of any such cases as they relate to this
4 Application.

5 **RESPONSE:**

6 Mr. P. Bowman is aware of a very substantial number of cases where interim rates have been
7 approved pending a full rate review, as a relatively routine regulatory tool. It would not be
8 practical in the time available to list each such example.
