

1 **Q. Please provide details as they relate to this Application of previous occasions when**  
2 **the Board approved Hydro's rate to NP on an interim basis, and subsequently**  
3 **approved final rates with adjustments made to reflect the difference in revenue.**  
4

5 A. Hydro became subject to the review and approval of the Board for rate setting purposes  
6 in 1996, upon the coming into force of the *Electrical Power Control Act, 1994*. Since  
7 that time, there has been one occasion where the Board approved Hydro's rate to  
8 Newfoundland Power on an interim basis.  
9

10 In Order No. P.U. 41 (2006), the Board approved Hydro's rate to Newfoundland Power  
11 on an interim basis effective January 1, 2007. The rate was approved as final on April  
12 12, 2007 in Order No. P.U. 8 (2007). The rate approved as final was the same as the rate  
13 approved on an interim basis, so there were no subsequent adjustments made to reflect a  
14 difference in revenue.
