2    **PREAMBLE:**

3    Page 2: “*Overpayment of Historical RSP*” The RSP factor for the period from January 1, 2008 to  
4    June 30, 2009 of -0.785¢ per kWh is the combined effect of the Historical Plan factor of 1.215  
5    cents per kWh and the Current Plan factor of -2.000¢ per kWh.

6    **QUESTION:**

7    Please confirm that the -2.000 cents per kWh Current Plan factor was based upon the historical  
8    balance in the Current Plan at December 31, 2006 that was scheduled for disposition over the  
9    period January 1, 2007 to December 31, 2007.
