Nalcor Energy  
P. O. Box 12800  
St. John's, NL  
A1B 0C9

Attention: Mr. Ian F. Kelly, Q.C., & Mr. Geoffrey P. Young  
Counsel for Nalcor

Dear Sirs:

**Re: Application by Nalcor Energy pursuant to Section 5.5(1) of the *Electrical Power Control Act* – Supplementary Documentation**

This is further to the Board's letter of February 8, where the Board noted that some filings had referenced supporting materials that were not provided and advised that all supporting documents and other reference material that parties intend to rely on must be placed on the record.

The Board notes that in response to Information Request PUB-NE-47, Nalcor included reference material from the CEAA Joint Review Panel and provided a reference to the website of the CEAA Joint Review Panel. In keeping with the Board's previous direction, if Nalcor intends to rely on specific material from this website in support of its response, Nalcor must provide a written copy of the documentation to be placed on the record. We also note that much of the material provided in response to PUB-NE-47 is in French. The Board requests that where available, English versions of these attachments and any further submissions should be provided.

Sincerely,

Cheryl Blundon  
Board Secretary
