**NALCOR ENERGY (“NE”)**

**IUM-NE-1 and IUM-NE-2**

**Issued: February 16, 2010**

<b>IUM-NE-1:</b>	A confirmation that there has been no environmental assessment and that there is no ongoing environmental assessment or monitoring in regard to the effects of the operating parameters, operating regime or operation of the upper Churchill hydroelectric project, including reservoirs, on the upper Churchill river basin, reservoirs, tributaries and adjoining watersheds (i.e. past, present or ongoing environmental assessment or monitoring of the effects of fluctuating water levels, reservoir levels, flow regime, water temperature or any other matter related to the operating parameters, operating regime or operation of the upper Churchill hydroelectric project on the upper Churchill river basin, reservoirs, tributaries and adjoining watersheds).
<b>IUM-NE-2:</b>	A confirmation that there has been no environmental assessment in regard to the effects of the Water Management Agreement or the management of water thereunder, and particularly the management of water at Churchill Falls, including reservoirs, on the upper Churchill River basin, including reservoirs, tributaries and adjoining watersheds.
