

1 Q. **C-141, Replace Radio Link with Fiber, \$488,700**

2 Please confirm that the scope of the project is to actually replace the radio link with  
3 upgraded microwave radio and not with fiber.

4

5

6 A. The title is in error. The scope of the project is to replace the radio with newer  
7 microwave radio, which is a more cost-effective option than fibre optic cable.
