

1 **Q. What are the model years of vehicles in which the Company has already installed**
2 **ruggedized computers and what are the years of the vehicles in which the Company**
3 **plans to install ruggedized laptops in 2010.**
4

5 A. The ruggedized computers planned under the 2009 Vehicle Mobile Computer
6 Infrastructure project are expected to be installed in vehicles in the fall of 2009.
7 Currently, testing of six units is underway to evaluate the functionality, ergonomics and
8 overall effectiveness of equipment configuration alternatives.
9

10 Table 1 shows the number of vehicles, by model year, in which the company plans to
11 install ruggedized laptops in 2009.
