

1 **Q. Does NP have unmarked vehicles in its fleet? If so, how many and where are they**
2 **posted/assigned? Why are they unmarked?**

3
4 A. Newfoundland Power currently has 43 vehicles in its fleet that are unmarked. Unmarked
5 vehicles are assigned to individuals who must be available to respond quickly to
6 operational, business related or customer issues outside normal working hours, and who
7 require a vehicle for that purpose. Some members of senior management are also
8 provided with an unmarked vehicle as part of their overall employment benefits package.

9
10 Table 1 provides a listing of unmarked Company vehicles and the classifications of
11 employees to whom these vehicles are assigned.
