1	Q.	Re: A	Re: Appendices and supporting exhibits		
2 3 4 5		(A)		the indicate why in MAC-4 there is a blue chip forecast of the US omy rather than Canada's.	
6 7 8		(B)		e indicate where in any of the tables there is any mention of a dian company, either as comparable or as forecast?	
9 10 11 12 13		(C)	Mr. 0 4 an	the confirm that in his exhibits the only Canadian data used by Cicchetti is the interest rate data provided in answer to PUB-NP-d the Conference Board forecast provided in the pre-field ence by the company.	
14 15 16 17		A.	(A)	Mr. Cicchetti relied on Blue Chip for U.S. and Canadian interest rate forecasts. Forecasts for the Newfoundland and Labrador economy are in MAC-5.	
18 19 20 21			(B)	As explained in his testimony, Mr. Cicchetti did not find any publicly traded Canadian companies comparable to Newfoundland Power.	
22			(C)	Not confirmed. See Mac 2 through 5.
