

1 **Q. Will Newfoundland Power be laying off staff if the sale of the Joint Use Support**
2 **Structures to Bell Aliant is completed?**

3
4 A. No.

5
6 Newfoundland Power has no plans to lay off regular staff if the sale of the Joint Use
7 Support Structures to Bell Aliant is completed. It is expected that Newfoundland Power
8 will reduce its workforce requirements by approximately 2 full time equivalents (FTEs)
9 once the new Joint Use regime is fully implemented in 2013. This reduction is expected
10 to be achieved by either reduction in temporary labour or through attrition.
