

1 Q. **Reference: Evidence on Rate Stabilization Plan – Surplus Refund Plan**

2 Is it correct to use the term ***prospective*** to describe the basis of allocating the
3 refund where the refund will be based on ***historical*** consumption during the 2013
4 calendar year? (Surplus Refund Plan, Page 11, Lines 1-2)

5

6

7 A. Hydro uses the term prospective to describe or delineate those customers who will
8 receive the RSP Surplus refund. That is, Hydro proposes that the refund will be
9 allocated among those customers who are billed in April 2014, a future period. It is
10 proposed that the allocation among these customers be based on historical
11 consumption, specifically that which was billed during the January 1, 2013 to
12 December 31, 2013 period.
