7 A. To date Hydro has not had any correspondence with the Provincial Government
8 with respect to the proposed disposition of the Newfoundland Power RSP Surplus
9 and its effect on the 8% Provincial Residential Energy Rebate. Hydro's position is
10 that prior to contacting the Provincial Government on the effect of the 8%
11 Provincial Residential Energy Rebate, it is necessary to first confirm the appropriate
12 HST treatment pertaining to how the refund of the RSP Surplus will be
13 administered. Once Hydro receives this information relating to the treatment of
14 HST, Hydro will then contact the Provincial Government to discuss the effect that
15 the refund of the RSP Surplus will have on the 8% Provincial Residential Energy
16 Rebate.
