

1 Q. Further to the response to Request for Information SR-NP-NLH-042, was there any
2 difference between the actual refund amounts Hydro provided to its Wabush
3 customers and the refund amount of \$2.9 million approved by the Board? If so,
4 please explain in detail.

7 A. The Wabush refund was estimated to be \$2,922,755. The actual payout in 2002
8 was \$2,921,529 based on customers' proportionate share of actual 2001 revenues.
9 In 2006, there were additional payouts of \$74,394 after certain former customers
10 were identified by the Office of the Citizens' Representative as having been former
11 residents of Wabush who left prior to 2001 and therefore did not receive a refund.
