

1 Q. Re: 2013 Capital Projects 500,000 and Over: Explanations, page C-69 Upgrade
2 Business Intelligence Software:

3 Does Hydro have any experience with the new versions of software sought to be
4 substituted for the current Essbase, Web Analysis and clarity?

5

6

7 A. Hydro staff has experience with the existing versions of Essbase, Web Analysis and
8 Clarity software.

9

10 With regards to Essbase, the vendor is terminating support for the software on
11 Hydro's current platform (iSeries server). Hydro will re-platform the new version on
12 an Intel server. Web Analysis will be upgraded to maintain compatibility with the
13 new version of Essbase. Hydro staff has ten years experience with Essbase and Web
14 Analysis software.

15

16 The Clarity software will be upgraded to the latest version. Hydro staff has four
17 years experience with Clarity software.
