

- 1 Q. Re: 2013 Capital Projects 200,000 and Over but less than 500,000:  
2 Explanations, pages D-234 through D-238 Replace Personal Computers:  
3 Hydro references “thin clients” on page D235. What are thin clients?  
4  
5
- 6 A. Thin client devices do not have internal hard drives and have minimal amounts of  
7 memory. They have no installed applications, but are meant to connect to a system  
8 remotely and use the remote system resources for the applications and computing  
9 power.
