

1 Q. Re: 2013 Capital Projects Over 50,000 but less than 200,000: p. E-2 Install
2 Automated Fuel Monitoring System (Upper Salmon):
3 Please provide a copy of the contract between Newfoundland and Labrador Hydro
4 and Newfoundland Power referenced at p. E-74.

5
6

7 A. Hydro assumes that the question indicated above is not related to p. E-2 Install
8 Automated Fuel Monitoring System (Upper Salmon), but rather to p. E-73 Purchase
9 10 Position Meter Calibration Test Console – Hydro Place. There is no formal
10 standing contract between Hydro and Newfoundland Power for this service. Hydro
11 charges Newfoundland Power a rate for the work provided based upon recovering
12 Hydro's costs and bills Newfoundland Power as the service is provided.
