2 Explanations, pages E-113 through E-117 Legal Survey of Primary Distribution Line
3 Right of Way:
4 What is the status of the application submitted to Crown Lands referred to at page
5 E-115?

6

7

8 A. There are various applications submitted to Crown Lands. The province is divided
9 into regions by Crown Lands and requests for land must be submitted to the
10 applicable region. The applications are at various stages:
11 • Hydro is waiting for approval of the survey or for comments on the surveys;
12 • Crown Lands is waiting for survey submissions from consultants; or
13 • Hydro and/or consultants are waiting on responses to requests for
14 information from Crown Lands.

15

16 In early 2011, Hydro personnel met with the Director of Crown Lands to help find a
17 solution but were informed that workloads and staff shortages were an issue and
18 that there was a backlog within the department.
