

1 Q. (Exhibit 13 – 2013 Cost of Service Study)

2 Further to the previous question, please explain what portion, if any, of the \$39  
3 million in capital spending over 2007 to 2013 is being allocated to IOCC and the  
4 basis for that allocation.

7 A. IOCC is assigned a portion of the revenue requirement related to the \$1.7 million  
8 increase in Other Transmission Level plant in service, as shown in the response to  
9 PUB-NLH-084, as well as a portion of costs related to the increase in capital  
10 spending on general plant.
