

1    Q.    **Amortize Application cost over three years.**

2            Please discuss Hydro's intended action with respect to reporting periods beyond  
3            the third year.

4

5

6    A.    In the event the time between reporting periods went beyond three years, Hydro's  
7            over-earnings provision is intended to account for any significant increases in  
8            Hydro's rate of return.
