5 A. There were no directives arising from the Parties' Agreements during Hydro's 2006
6 GRA. All of the 2007 Test Year matters which the parties agreed upon were
7 included in the final rates set by the Board in Orders No. P.U. 8(2007) and P.U.
8 14(2007). The Parties also agreed upon three studies which were to be prepared by
9 the parties after the GRA was completed. The three reports, and the status of each,
10 are listed below.

| Report | Status |
|--|--|
| Review of Demand Billing to Newfoundland Power | Filed April 2008, and included as Exhibit 11 to Hydro's 2013 GRA |
| Review of Industrial Customer Rate Design | Filed February 2008, and included as Exhibit 12 to Hydro's 2013 GRA |
| Review of the Rate Stabilization Plan | Due to the Board indicating in February 2009 that it would no longer accept that review in the context of the 2006 GRA from which it was conceived, and subsequent proceedings on the RSP that were before the Board, this review was not completed. |
