

1 Q. Please provide the number of qualified applications Hydro currently has on file from
2 persons seeking employment with Hydro. Please provide the numbers by position
3 sought.

4

5

6 A. Table 1 provides the number of general applications that have been submitted to
7 Hydro for the six-month period from July 1, 2013 to December 31, 2013. These are
8 exclusive of applications received within this period for publicly advertised
9 competitions, which are provided in response CA-NLH-251. Applicants self-select to
10 be included for consideration in a specific job category using Hydro's web-based
11 application system without validation of their qualifications. Trade categories have
12 high volumes of apprentices versus journeyperson applicants. General applications
13 are evaluated and screened on an as required basis.

Table 1
